

# STUDENT VIDEOCONFERENCING

Schedule a videoconference, and give your class the opportunity to visit the Amon Carter's premier collection of American art. Your students will enjoy activity- and inquiry-based programs that connect fine art and core content areas.

## Programs

A New View of Black History (grades 2-12)  
Art Meets Math (grades K-7)  
Art of the American West (grades 6-12)  
Art Work: Careers in an Art Museum (grades 4-12)  
Beautiful Biomes (grades 2-5)  
Cowboy Close-Up (grades K-6)  
Encountering Texas (grades 3-7)  
How to Make an Artist (grades pre-K-2)

Grant Wood (1891-1942), *Parson Weems' Fable*, 1939, oil on canvas, Amon Carter Museum of American Art, Fort Worth, Texas, 1970.43

## FEATURED PROGRAM

### So You Think You Saw What Happened? (grades 4-10)

Enliven your art or language arts instruction and motivate your students to closely examine details in fine art by making a connection to forensic science. During this interactive videoconference, students take a gallery tour; view, discuss, and note details in American masterpieces; and sketch from their written notes. The program culminates with a writing and sketching activity based on a mock crime scene.

**To schedule, get more information, or request a customized program,** please contact [distancelearning@cartermuseum.org](mailto:distancelearning@cartermuseum.org) or call 817.989.5038. Individual program fees range from \$100 to \$130 for up to thirty students.
